Stacking Rubber Rings

Go under and between our Decor and Fibreglass Pots.

Stops these pots from sticking together

Stops this pot from getting dirty

Banners - 3m x 1m printed with your design

Hose pieces

that can go between any of our fibreglass pots so you can stack them inside each other without them getting stuck!!

Pallet bags to protect your pots when they have to take on the elements!

D: 1.3m
W: 1.3m
H: 2.4m

New and Improved Shelves - save a heap of space whilst keeping your lightweight pots or Nic Nacs off the ground and at the perfect viewing level!

No tools required, the shelves just slide into the uprights.
1m x 1.2m x 1.8m tall

Spacers that can go between any of our pots or on the ground!

Makes this pot easier to lift and stops the pots from rubbing together.
